Statement of intent

Great Coates Village Nursery is committed to safeguarding and promoting the physical, mental and emotional welfare of every pupil, both inside and outside of the school premises. We implement a whole-school preventative approach to managing safeguarding concerns, ensuring that the wellbeing of pupils is at the forefront of all action taken.

This policy sets out a clear and consistent framework for delivering this promise, in line with safeguarding legislation and statutory guidance. It will be achieved by:

- Ensuring that members of the governing board, the headteacher and staff understand their responsibilities under safeguarding legislation and statutory guidance, are alert to the signs of child abuse, and know to refer concerns to the DSL.
- Teaching pupils how to keep safe and recognise behaviour that is unacceptable.
- Identifying and making provision for any pupil that has been subject to, or is at risk of, abuse, neglect, or exploitation.
- Creating a culture of safer recruitment by adopting procedures that help deter, reject or identify people who might pose a risk to children.

- Ensuring that the headteacher and any new staff and volunteers are only appointed when all the appropriate checks have been satisfactorily completed.

Definitions

The terms “**children**” and “**child**” refer to anyone under the age of 18.

For the purposes of this policy, “**safeguarding and protecting the welfare of children**” is defined as:

- Providing help and support to meet the needs of pupils as soon as problems emerge.
- Protecting pupils from maltreatment, whether that is within or outside the home, including online.
- Preventing the impairment of pupils’ mental and physical health or development.
- Ensuring that pupils grow up in circumstances consistent with the provision of safe and effective care.
- Taking action to enable all pupils to have the best outcomes.

For the purposes of this policy, “**consent**” is defined as having the freedom and capacity to choose to engage in sexual activity. Consent may be given to one sort of sexual activity but not another, and can be withdrawn at any time during sexual activity and each time activity occurs. A person only consents to a sexual activity if they agree by choice to that activity, and has the freedom and capacity to make that choice. Children under the age of 13 can never consent to any sexual activity. The age of consent is 16.

For the purposes of this policy, “**sexual violence**” refers to the following offences as defined under the Sexual Offences Act 2003:

- **Rape:** A person (A) commits an offence of rape if they intentionally penetrate the vagina, anus or mouth of another person (B) with their penis, B does not consent to the penetration, and A does not reasonably believe that B consents.
- **Assault by penetration:** A person (A) commits an offence if they intentionally penetrate the vagina or anus of another person (B) with a part of their body or anything else, the penetration is sexual, B does not consent to the penetration, and A does not reasonably believe that B consents.
- **Sexual assault:** A person (A) commits an offence of sexual assault if they intentionally touch another person (B), the touching is sexual, B does not consent to the touching, and A does not reasonably believe that B consents.
- **Causing someone to engage in sexual activity without consent:** A person (A) commits an offence if they intentionally cause another person (B) to engage in an activity, the activity is sexual, B does not consent to engaging in the activity, and A does not reasonably believe that B consents. This could include forcing someone to strip, touch themselves sexually, or to engage in sexual activity with a third party.

For the purposes of this policy, “**sexual harassment**” refers to unwanted conduct of a sexual nature that occurs online or offline, inside or outside of school. Sexual harassment is likely to violate a pupil’s dignity, make them feel intimidated, degraded or humiliated, and create a hostile, offensive, or sexualised environment. If left unchallenged, sexual harassment can create an atmosphere that normalises inappropriate behaviour and may lead to sexual violence. Sexual harassment can include, but is not limited to:

- Sexual comments, such as sexual stories, lewd comments, sexual remarks about clothes and appearance, and sexualised name-calling.
- Sexual “jokes” and taunting.
- Physical behaviour, such as deliberately brushing against someone, interfering with someone’s clothes, and displaying images of a sexual nature.
- Online sexual harassment, which may be standalone or part of a wider pattern of sexual harassment and/or sexual violence. This includes:

- The consensual and non-consensual sharing of nude and semi-nude images and/or videos.
- Sharing unwanted explicit content.
- Upskirting.
- Sexualised online bullying.
- Unwanted sexual comments and messages, including on social media.
- Sexual exploitation, coercion, and threats.

For the purposes of this policy, “upskirting” refers to the act, as identified the Voyeurism (Offences) Act 2019, of taking a picture or video under another person’s clothing, without their knowledge or consent, with the intention of viewing that person’s genitals or buttocks, with or without clothing, to obtain sexual gratification, or cause the victim humiliation, distress or alarm. Upskirting is a criminal offence. Anyone, including pupils and staff, of any gender can be a victim of upskirting.

For the purposes of this policy, the “**consensual and non-consensual sharing of nude and semi-nude images and/or videos**”, colloquially known as “**sexting**”, and collectively called “**youth-produced sexual imagery**” is defined as the creation of sexually explicit content by a person under the age of 18 that is shared with another person under the age of 18. This definition does not cover persons under the age of 18 sharing adult pornography or exchanging messages that do not contain sexual images.

“**Deep fakes**” and “**deep nudes**” refer to digitally manipulated and AI-generated nudes and semi-nudes.

For the purposes of this policy, “**indecent imagery**” is defined as an image which meets one or more of the following criteria:

- Nude or semi-nude sexual posing
- A child touching themselves in a sexual way
- Any sexual activity involving a child
- Someone hurting a child sexually
- Sexual activity that involves animals

Indecent images also include indecent “**pseudo-images**”, which are images have been created or manipulated using computer software and/or AI.

For the purposes of this policy, “**abuse**” is defined as a form of maltreatment of a child which involves inflicting harm or failing to act to prevent harm. Harm can include ill treatment that is not physical as well as the impact of witnessing the ill treatment of others – this can be particularly relevant, for example, in relation to the impact on children of all forms of domestic abuse. Children may be abused in a family, institutional or community setting by those known to them or by others, e.g. via the internet. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. Children may be abused by one or multiple adults or other children.

For the purposes of this policy, “**physical abuse**” is defined as a form of abuse which may involve actions such as hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating, or otherwise causing physical harm to a child. Physical abuse can also be caused when a parent fabricates the symptoms of, or deliberately induces, illness in a child.

For the purposes of this policy, “**emotional abuse**” is defined as the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child’s emotional development. This may involve conveying to a child that they are worthless, unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child the opportunities to express their views, deliberately silencing them, ‘making fun’ of what they say or how they communicate. It may feature age- or developmentally inappropriate expectations being imposed on children, such as interactions that are beyond their developmental capability, overprotection and

limitation of exploration and learning, or preventing the child from participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying, including cyberbullying, causing the child to frequently feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, but it may also occur alone.

For the purposes of this policy, **“sexual abuse”** is defined as abuse that involves forcing or enticing a child to take part in sexual activities, not necessarily involving violence, and regardless of whether the child is aware of what is happening. This may involve physical contact, including assault by penetration, or non-penetrative acts, such as masturbation, kissing, rubbing, and touching outside of clothing. It may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse. Sexual abuse can be perpetrated by people of any gender and age.

For the purposes of this policy, **“neglect”** is defined as the persistent failure to meet a child’s basic physical and/or psychological needs, likely to result in serious impairment of a child’s health or development. This may involve a parent or carer failing to provide a child with adequate food, clothing or shelter (including exclusion from home or abandonment); failing to protect a child from physical or emotional harm or danger; failing to ensure adequate supervision (including through the use of inappropriate caregivers); or failing to ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child’s basic emotional needs.

Legal framework

This policy has due regard to all relevant legislation and statutory guidance including, but not limited to, the following:

Legislation

- Children Act 1989
- Sexual Offences Act 2003
- Female Genital Mutilation Act 2003 (as inserted by the Serious Crime Act 2015)
- Children Act 2004
- Safeguarding Vulnerable Groups Act 2006
- Apprenticeships, Children and Learning Act 2009
- Equality Act 2010
- The Education (School Teachers’ Appraisal) (England) Regulations 2012 (as amended)
- Anti-social Behaviour, Crime and Policing Act 2014
- Counter-Terrorism and Security Act 2015
- The UK General Data Protection Regulation (UK GDPR)
- Data Protection Act 2018
- The Childcare (Disqualification) and Childcare (Early Years Provision Free of Charge) (Extended Entitlement) (Amendment) Regulations 2018
- Voyeurism (Offences) Act 2019
- Domestic Abuse Act 2021
- Marriage and Civil Partnership (Minimum Age) Act 2022

Statutory guidance

This policy is based on the Department for Education's (DfE's) statutory guidance [Keeping Children Safe in Education \(2025\)](#) and [Working Together to Safeguard Children \(2023\)](#), and the [Maintained schools governance guide](#). We comply with this guidance and the arrangements agreed and published by our 3 local **safeguarding partners** (see section 3).

This policy is also based on the following legislation:

- Section 175 of the [Education Act 2002](#), which places a duty on schools and local authorities to safeguard and promote the welfare of pupils
- [The School Staffing \(England\) Regulations 2009](#), which set out what must be recorded on the single central record and the requirement for at least 1 person conducting an interview to have completed safer recruitment training
- The [Children Act 1989](#) (and [2004 amendment](#)), which provides a framework for the care and protection of children
- Section 5B(11) of the Female Genital Mutilation Act 2003, as inserted by section 74 of the [Serious Crime Act 2015](#), which places a statutory duty on teachers to report to the police where they discover that female genital mutilation (FGM) appears to have been carried out on a girl under 18
- [Statutory guidance on FGM](#), which sets out responsibilities with regards to safeguarding and supporting girls affected by FGM
- The [Rehabilitation of Offenders Act 1974](#), which outlines when people with criminal convictions can work with children
- Schedule 4 of the [Safeguarding Vulnerable Groups Act 2006](#), which defines what 'regulated activity' is in relation to children
- [Statutory guidance on the Prevent duty](#), which explains schools' duties under the Counter-Terrorism and Security Act 2015 with respect to protecting people from the risk of radicalisation and extremism
- The [Human Rights Act 1998](#), which explains that being subjected to harassment, violence and/or abuse, including that of a sexual nature, may breach any or all of the rights which apply to individuals under the [European Convention on Human Rights](#) (ECHR)
- [The Equality Act 2010](#), which makes it unlawful to discriminate against people regarding particular protected characteristics (including age, disability, gender reassignment, marriage and civil partnership, race, religion or belief, sex and sexual orientation). This means our governors and headteacher should carefully consider how they are supporting their pupils with regard to these characteristics. The Act allows our school to take positive action to deal with particular disadvantages affecting a specific group of pupils (where we can show it's proportionate). This includes a duty to make reasonable adjustments for disabled pupils. For example, it could include taking positive action to support girls where there's evidence that they're being disproportionately subjected to sexual violence or harassment
- [The Public Sector Equality Duty \(PSED\)](#), which explains that we must have due regard to eliminating unlawful discrimination, harassment and victimisation. The PSED helps us to focus on key issues of concern and how to improve pupil outcomes. Some pupils may be more at risk of harm from issues such as: sexual violence, homophobic, biphobic or transphobic bullying or racial discrimination
- The Childcare (Disqualification) and Childcare (Early Years Provision Free of Charge) (Extended Entitlement) (Amendment) Regulations 2018 (referred to in this policy as the '2018 Childcare Disqualification Regulations') and Childcare Act 2006, which set out who is disqualified from working with children
- This policy also meets the requirements relating to safeguarding and welfare in the [statutory framework for the Early Years Foundation Stage](#)

This includes:
 - Ensuring that the school knows which pupils have or had a social worker.
 - Understanding the academic progress and attainment of these pupils.
 - Maintaining a culture of high aspirations for these pupils.
 - Supporting teachers to provide additional academic support or reasonable adjustments to help these pupils reach their potential.
 - Helping to promote educational outcomes by sharing the information about the welfare, safeguarding and child protection issues these pupils are experiencing with teachers and the SLT.
- Ensure that child protection files are kept up-to-date and only accessed by those who need to do so.
- Ensure that a pupil's child protection file is transferred as soon as possible, and within five days, when transferring to a new school, and consider any additional information that should be shared.
- Ensure each member of staff has access to and understands the school's Child Protection and Safeguarding Policy and procedures – this will be discussed during the staff induction process.
- Work with the governing board to ensure the school's Child Protection and Safeguarding Policy is reviewed annually, and the procedures are updated and reviewed regularly.
- Ensure the school's Child Protection and Safeguarding Policy is available publicly, and parents are aware that the school may make referrals for suspected cases of abuse or neglect, as well as the role the school plays in these referrals.
- Link with safeguarding partner arrangements to make sure that staff are aware of the training opportunities available and the latest local policies on safeguarding.
- Undergo training, and update this training at least every two years.
- Obtain access to resources and attend any relevant or refresher training courses.
- Encourage a culture of listening to children and taking account of their wishes and feelings; this includes understanding the difficulties pupils may have in approaching staff about their circumstances and considering how to build trusted relationships that facilitate communication.
- Support and advise staff and help them feel confident on welfare, safeguarding and child protection matters: specifically, to ensure that staff are supported during the referrals processes; and to support staff to consider how safeguarding, welfare and educational outcomes are linked, including to inform the provision of academic and pastoral support.
- Understand the importance of information sharing, including within school, with other schools, and with the safeguarding partners, other agencies, organisations and practitioners.

- Understand relevant data protection legislation and regulations, especially the Data Protection Act 2018 and the UK GDPR.
- Keep detailed, accurate, secure written records of safeguarding concerns, decisions made, and whether or not referrals have been made, and understand the purpose of this record-keeping.

The designated teacher has a responsibility for promoting the educational achievement of LAC and PLAC, and for children who have left care through adoption, special guardianship or child arrangement orders or who were adopted from state care outside England and Wales.

3.Multi-agency working

The school contributes to multi-agency working as part of its statutory duty. The school is aware of and will follow the local safeguarding arrangements.

The school will be fully engaged, involved, and included in the child-centred approach towards local safeguarding arrangements. Once the school is named as a relevant agency by local safeguarding partners, it will follow its statutory duty to cooperate with the published arrangements in the same way as other relevant agencies.

The school will develop trusting relationships between families and agencies to protect the welfare of its pupils, through the early help process and by contributing to multi-agency plans to provide additional support.

Where a need for early help is identified, the school will allow access for CSCS from the host LA and, where appropriate, a placing LA, for that LA to conduct (or consider whether to conduct) a section 17 or 47 assessment.

The school will also be mindful of the importance of inter-agency working in identifying and preventing CSE.

The school will reflect the DfE's expectations to secure strong multi-agency working by:

- Collaborating with services to achieve shared goals and share information.
- Learning from evidence and sharing perspective to evaluate provision.
- Prioritising and sharing resources depending on pupils' needs.
- Celebrating inclusivity and diversity and challenging discrimination.
- Mutually and constructively challenging other's assumptions in a respectful manner.

Information sharing

The school recognises the importance of proactive information sharing between professionals and local agencies in order to effectively meet pupils' needs and identify any need for early help.

Considering the above, staff will be aware that whilst the UK GDPR and the Data Protection Act 2018 place a duty on schools to process personal information fairly and lawfully, they also allow for information to be stored and shared for safeguarding purposes – data protection regulations do not act as a barrier to sharing information where failure to do so would result in the pupil being placed at risk of harm.

Staff members will be made aware that safeguarding partners may take legal action against them if they do not share specified information when a request is made for the purposes of safeguarding.

Staff members will ensure that fear of sharing information does not stand in the way of their responsibility to promote the welfare and safety of pupils. If staff members are in doubt about sharing information, they will speak to the DSL or deputy DSLs.

4.Early help

Early help means providing support as soon as a problem emerges, at any point in a child's life. The school will be proactive in ensuring that every pupil is able to access full-time education to aid their development and protect them from harm whilst utilising the unique position of having regular daily contact with pupils to identify concerns as early as possible.

Any pupil may benefit from early help, but in particular, staff will be alert to the potential need for early help for pupils who:

- Are disabled, have certain health conditions, or have specific additional needs.
- Have SEND, regardless of whether they have a statutory EHC plan.
- Are suffering from mental ill health.
- Are at risk of modern slavery, trafficking, or sexual or criminal exploitation.
- Are at risk of being radicalised.
- Have family members in custody or is affected by parental offending.
- Are in a family circumstance presenting challenges for them, such as drug and alcohol misuse, adult mental health problems, or domestic abuse.
- Are at risk of HBA, such as FGM or forced marriage.
- Are privately fostered.
- Have experienced multiple suspensions and are at risk of, or have been, permanently excluded from school, alternative provision or a PRU.

The school will not limit its support to pupils affected by the above and will be mindful of a variety of additional circumstances in which pupils may benefit from early help, for example, if they are:

- Bereaved.
- Viewing problematic or inappropriate online content or developing inappropriate relationships online.
- Have recently returned home to their family from care.
- Missing education, or are persistently absent from school, or not in receipt of full-time education.

Staff will be mindful of all signs of abuse, neglect and exploitation and use their professional curiosity to raise concerns to the DSL.

The DSL will take the lead where early help is appropriate. This includes liaising with other agencies and setting up an inter-agency assessment as appropriate. The local early help process will be followed as required.

Staff may be required to support other agencies and professionals in an early help assessment, in some cases acting as the lead practitioner. Any such cases will be kept under constant review and consideration given to a referral to CSCS for assessment for statutory services if the pupil's situation is not improving or is worsening.

5.Abuse, neglect and exploitation

All staff will be aware of the indicators of abuse, neglect and exploitation and will understand that children can be at risk of harm inside and outside of the school, inside and outside of the school, inside and outside of home, and online. Staff will also be aware that pupils can be affected by seeing, hearing or experiencing the effects of abuse.

All staff will understand that abuse, neglect, exploitation and other safeguarding issues are rarely standalone events that can be given a specific definition or one label alone. Staff will understand that, in most cases, multiple issues will overlap one another; therefore, staff will be vigilant and always raise concerns with the DSL.

All staff, especially the DSL and deputy DSLs, will be aware that safeguarding incidents and/or behaviours can be associated with factors outside the school and/or can occur between children outside of these environments; this includes being aware that pupils can be at risk of abuse or exploitation in situations outside their families (extra-familial harms). All staff will be aware of the appropriate action to take following a pupil being identified as at potential risk of abuse and, in all cases, will speak to the DSL if they are unsure.

All staff will be aware that technology is a significant component in many safeguarding and wellbeing issues, including online abuse, cyberbullying, and the sharing of indecent images.

6. Specific safeguarding issues – see appendices below

7. Online safety and personal electronic devices

The school will adhere to the Online Safety Policy at all times.

As part of a broad and balanced curriculum, all pupils will be made aware of online risks and taught how to stay safe online.

Through training, all staff members will be made aware of:

- Pupil attitudes and behaviours which may indicate they are at risk of potential harm online.
- The procedure to follow when they have a concern regarding a pupil's online activity.

The school will ensure that appropriate filtering systems are in place on school devices and school networks to prevent children accessing inappropriate material, in accordance with the school's Cyber-security Policy. The school will, however, ensure that the use of filtering and monitoring systems does not cause "over blocking", which may lead to unreasonable restrictions as to what pupils can be taught online. The school will also ensure that it meets the [filtering and monitoring standards](#) published by the DfE.

Staff will be aware of the filtering and monitoring systems in place and will know how to escalate concerns where they are identified. Staff will be made aware of their expectations and responsibilities relating to filtering and monitoring systems during their induction.

Further information regarding the school's approach to online safety can be found in the Online Safety Policy.

Communicating with parents

As part of the usual communication with parents, the school will reinforce the importance of pupils being safe online and inform parents that they will find it helpful to understand what systems the school uses to filter and monitor internet use.

The school will also make it clear to parents what their children are being asked to do online for school.

Reviewing online safety

The school will carry out an annual review of its approach to online safety, supported by an annual risk assessment that considers and reflects the risks faced by pupils.

Personal electronic devices

The use of personal electronic devices, including mobile phones and cameras, by staff is closely monitored by the school, in accordance with the Staff ICT and Electronic Devices Policy and Pupils' Personal Electronic Devices Policy.

Photographs and videos of pupils will be carefully planned before any activity with particular regard to consent and adhering to the school's Data Protection Policy and Photography and Images Policy. The DPO will oversee the planning of any events where photographs and videos will be taken.

Where photographs and videos will involve pupils who are LAC, adopted pupils, or pupils for whom there are security concerns, the headteacher will liaise with the DSL to determine the steps involved. The DSL will, in known cases of pupils who are LAC or who have been adopted, liaise with the pupils' social workers, carers or adoptive parents to assess the needs and risks associated with the pupils.

Staff will report any concerns about pupils' or other staff members' use of personal electronic devices to the DSL, following the appropriate procedures.

Upskirting

Under the Voyeurism (Offences) Act 2019, it is an offence to operate equipment for the purpose of upskirting. **"Operating equipment"** includes enabling, or securing, activation by another person without that person's knowledge, e.g. a motion-activated camera.

Upskirting will not be tolerated by the school. Any incidents of upskirting will be reported to the DSL, who will then decide on the next steps to take, which may include police involvement.

8. Child-on-child abuse

For the purposes of this policy, **"child-on-child abuse"** is defined as abuse between children.

The school has a zero-tolerance approach to abuse, including child-on-child abuse, as confirmed in the Child Protection and Safeguarding Policy's [statement of intent](#).

All staff will be aware that child-on-child abuse can occur between pupils of any age and gender, both inside and outside of school, as well as online. All staff will be aware of the indicators of child-on-child abuse, how to identify it, and how to respond to reports. All staff will also recognise that even if no cases have been reported, this is not an indicator that child-on-child abuse is not occurring. All staff will speak to the DSL if they have any concerns about child-on-child abuse.

All staff will understand the importance of challenge inappropriate behaviour between peers, and will not tolerate abuse as "banter" or "part of growing up".

Child-on-child abuse can be manifested in many different ways, including:

- Bullying, including cyberbullying and prejudice-based or discriminatory bullying.
- Abuse in intimate personal relationships between peers – sometimes known as 'teenage relationship abuse'.
- Physical abuse – this may include an online element which facilitates, threatens and/or encourages physical abuse.
- Sexual violence – this may include an online element which facilitates, threatens and/or encourages sexual violence.
- Sexual harassment, including online sexual harassment, which may be standalone or part of a broader pattern of abuse.
- Causing someone to engage in sexual activity without consent.
- The consensual and non-consensual sharing of nude and semi-nude images and/or videos.

- Upskirting.
- Initiation- and hazing-type violence and rituals, which can include activities involving harassment, abuse or humiliation used as a way of initiating a person into a group, and may also include an online element.

The DSL will ensure they appropriately assess all instances of child-on-child abuse, including in cases of image-based abuse, to help determine whether the alleged perpetrator(s) is under the age of 18 or is an adult posing as a child. The DSL will immediately refer the case if it is found that a so-called child-on-child abuse incident involves an adult, e.g. where an adult poses as a child online to groom a child or young person.

All staff will be clear as to the school's policy and procedures regarding child-on-child abuse and the role they have to play in preventing it and responding where they believe a child may be at risk from it.

Pupils will be made aware of how to raise concerns or make a report and how any reports will be handled. This includes the process for reporting concerns about friends or peers. Pupils will also be reassured that they will be taken seriously, be supported, and kept safe.

The school's procedures for managing allegations of child-on-child abuse are outlined in the Child-on-child Abuse Policy. Staff will follow these procedures, as well as the procedures outlined in the school's Anti-bullying Policy and Suspension and Exclusion Policy, where relevant.

9. Consensual and non-consensual sharing of indecent images and videos

The school will ensure that staff are aware to treat the consensual and non-consensual sharing of nude and semi-nude images and/or videos (also known as "sexting" or youth-produced sexual images) as a safeguarding concern.

Staff will receive appropriate training regarding child sexual development and will understand the difference between sexual behaviour that is considered normal and expected for the age of the pupil, and sexual behaviour that is inappropriate and harmful. Staff will receive appropriate training around how to deal with instances of sharing nudes and semi-nudes in the school community, including understanding motivations, assessing risks posed to pupils depicted in the images, and how and when to report instances of this behaviour.

Staff will be aware that creating, possessing, and distributing indecent imagery of children is a criminal offence, regardless of whether the imagery is created, possessed, and distributed by the individual depicted; however, staff will ensure that pupils are not unnecessarily criminalised.

Staff will also be made aware that the laws imposed on the sharing of nudes and semi-nudes applies to digitally manipulated and AI-generated imagery.

Where a member of staff becomes aware of an incidence of sharing nudes and/or semi-nudes, they will refer this to the DSL as soon as possible. The DSL will work to support the affected pupils and inform them of the reporting routes to remove a nude or semi-nude that has been shared online or to prevent an image from being shared online.

The school's full response to incidents of consensual and non-consensual sharing of indecent images and videos can be found in the Youth-produced Sexual Imagery Policy, including the appropriate reporting routes for both staff and pupils.

10.Context of safeguarding incidents

Safeguarding incidents can occur outside of school and can be associated with outside factors. All staff, particularly the DSL and deputy DSLs, will always consider the context of safeguarding incidents. Assessment of pupils' behaviour will consider whether there are wider environmental factors that are a threat to their safety and/or welfare. The school will provide as much contextual information as possible when making referrals to CSCS

11.Pupils potentially at greater risk of harm

The school recognises that some groups of pupils can face additional safeguarding challenges, both online and offline, and understands that further barriers may exist when determining abuse and neglect in these groups of pupils. Additional considerations for managing safeguarding concerns and incidents amongst these groups are outlined below.

Pupils who need social workers

Pupils may need social workers due to safeguarding or welfare needs. These needs can leave pupils vulnerable to further harm and educational disadvantage.

As a matter of routine, the DSL will hold and use information from the LA about whether a pupil has a social worker in order to make decisions in the best interests of the pupil's safety, welfare, and educational outcomes.

Where a pupil needs a social worker, this will inform decisions about safeguarding, e.g. responding to unauthorised absence, and promoting welfare, e.g. considering the provision pastoral or academic support.

Home-educated children

Parents may choose elective home education (EHE) for their children. In some cases, EHE can mean that children are less visible to the services needed to safeguard and support them.

In line with the Education (Pupil Registration) (England) Regulations 2006, the school will inform the LA of all deletions from the admissions register when a pupil is taken off roll.

Where a parent has expressed their intention to remove a pupil from school for EHE, the school, in collaboration with the LA and other key professionals, will coordinate a meeting with the parent, where possible, before the final decision has been made, particularly if the pupil has SEND, is vulnerable, and/or has a social worker.

LAC and PLAC

Children most commonly become looked after because of abuse and/or neglect. Because of this, they can be at potentially greater risk in relation to safeguarding. PLAC, also known as care leavers, can also remain vulnerable after leaving care.

The governing board will ensure that staff have the skills, knowledge and understanding to keep LAC and PLAC safe. This includes ensuring that the appropriate staff have the information they need, such as:

- Looked after legal status, i.e. whether they are looked after under voluntary arrangements with consent of parents, or on an interim or full care order.
- Contact arrangements with parents or those with parental responsibility.
- Care arrangements and the levels of authority delegated to the carer by the authority looking after the pupil.

The DSL will be provided with the necessary details of pupils' social workers and the VSH, and, for PLAC, personal advisers.

Further details of safeguarding procedures for LAC and PLAC are outlined in the school's LAC Policy.

Pupils with SEND

When managing safeguarding in relation to pupils with SEND, staff will be aware of the following:

- Certain indicators of abuse, such as behaviour, mood and injury, may relate to the pupil's disability without further exploration; however, it should never be assumed that a pupil's indicators relate only to their disability
- Pupils with SEND can be disproportionately impacted by issues such as bullying, without outwardly showing any signs
- Communication barriers may exist, as well as difficulties in overcoming these barriers

When reporting concerns or making referrals for pupils with SEND, the above factors will always be taken into consideration. When managing a safeguarding issue relating to a pupil with SEND, the DSL will liaise with the school's SENCO, as well as the pupil's parents where appropriate, to ensure that the pupil's needs are met effectively.

Pupils requiring mental health support

All staff will be made aware that mental health problems can, in some cases, be an indicator that a pupil has suffered, or is at risk of suffering, abuse, neglect or exploitation.

12. Use of the school premises for non-school activities

Where the governing board hires or rents out school facilities or the school premises to organisations or individuals, e.g. for providers to run community or extracurricular activities, it will ensure that appropriate safeguarding arrangements are in place to keep pupils safe. The school will refer to the DfE's [guidance](#) on keeping children safe in out-of-school settings in these circumstances.

Where the governing board provides the activities under the direct supervision or management of school staff, child protection arrangements will apply. Where activities are provided separately by another body, this may not be the case; therefore, the governing board will seek assurance that the body concerned has appropriate safeguarding and child protection policies and procedures in place, including inspecting these as needed. The governing board will also ensure that there are arrangements in place to liaise with the school on these matters where appropriate. The governing board will ensure safeguarding requirements are included in any transfer of control agreement, i.e. a lease or hire agreement, as a condition of use and occupation of the premises, and specify that failure to comply with this would lead to termination of the agreement.

Extracurricular activities and clubs

External bodies that host extracurricular activities and clubs at the school, e.g. charities or companies, will work in collaboration with the school to effectively safeguard pupils and adhere to local safeguarding arrangements.

Staff and volunteers running extracurricular activities and clubs are aware of their safeguarding responsibilities and promote the welfare of pupils. Paid and volunteer staff understand how they should respond to child protection concerns and how to make a referral to CSCS or the police, if necessary.

All national governing bodies of sport that receive funding from either Sport England or UK Sport must aim to meet the Standards for Safeguarding and Protecting Children in Sport.

13.Concerns about pupils

If a member of staff has any concern about a pupil's welfare, or a pupil has reported a safeguarding concern in relation to themselves or a peer, they will act on them immediately by speaking to the DSL or deputy DSLs.

Staff will be aware that pupils may not feel ready or know how to tell someone that they are being abused, exploited or neglected, and/or they may not recognise their experiences as harmful. Staff will be aware that this must not prevent them from having professional curiosity and speaking to the DSL, or deputy DSL, if they have a concern about a pupil.

All staff members are aware of the procedure for reporting concerns and understand their responsibilities in relation to confidentiality and information sharing, as outlined in the [Communication and confidentiality](#) section of this policy.

Where the DSL is not available to discuss the concern, staff members will contact the deputy DSLs with the matter. If a referral is made about a pupil by anyone other than the DSL, the DSL will be informed as soon as possible.

The LA will make a decision regarding what action is required within one working day of the referral being made and will notify the referrer. Staff are required to monitor a referral if they do not receive information from the LA regarding what action is necessary for the pupil. If the situation does not improve after a referral, the DSL will ask for reconsideration to ensure that their concerns have been addressed and that the situation improves for the pupil.

If early help is appropriate, the case will be kept under constant review. If the pupil's situation does not improve, a referral will be considered. All concerns, discussions and decisions made, as well as the reasons for making those decisions, will be recorded in writing by the DSL and kept securely on Cpoms.

If a pupil is in immediate danger, a referral will be made to CSCS and/or the police immediately. If a pupil has committed a crime, such as sexual violence, the police will be notified without delay.

Where there are safeguarding concerns, the school will ensure that the pupil's wishes are always taken into account, and that there are systems available for pupils to provide feedback and express their views. When responding to safeguarding concerns, staff members will act calmly and supportively, ensuring that the pupil feels like they are being listened to and believed.

An inter-agency assessment will be undertaken where a child and their family could benefit from coordinated support from more than one agency. These assessments will identify what help the child and family require in preventing needs escalating to a point where intervention would be needed.

The school will consider whether a family group decision-making forum is appropriate to determine the help and support the family network can provide for a pupil where concerns have been raised about their safety or wellbeing.

14.Managing referrals

The reporting and referral process outlined in the Reporting Safeguarding Concerns Flowchart will be followed accordingly.

All staff members, in particular the DSL, will be aware of the LA's arrangements in place for managing referrals. The DSL will provide staff members with clarity and support where needed. When making a referral to CSCS or other external agencies, information will be shared in line with confidentiality requirements and will only be shared where necessary to do so.

The DSL will work alongside external agencies, maintaining continuous liaison, including multi-agency liaison where appropriate, in order to ensure the wellbeing of the pupils involved. The DSL will work closely with the police to ensure the school does not jeopardise any criminal proceedings, and to obtain help and support as necessary.

Where a pupil has been harmed or is in immediate danger or at risk of harm, the referrer will be notified of the action that will be taken within one working day of a referral being made. Where this information is not forthcoming, the referrer will contact the assigned social worker for more information.

The school will not wait for the start or outcome of an investigation before protecting the victim and other pupils: this applies to criminal investigations as well as those made by CSCS. Where CSCS decide that a statutory investigation is not appropriate, the school will consider referring the incident again if it is believed that the pupil is at risk of harm. Where CSCS decide that a statutory investigation is not appropriate and the school agrees with this decision, the school will consider the use of other support mechanisms, such as early help and pastoral support.

At all stages of the reporting and referral process, the pupil will be informed of the decisions made, actions taken and reasons for doing so. Discussions of concerns with parents will only take place where this would not put the pupil or others at potential risk of harm. The school will work closely with parents to ensure that the pupil, as well as their family, understands the arrangements in place, such as in-school interventions, is effectively supported, and knows where they can access additional support.

15.Concerns about school safeguarding practices

Any concerns regarding the safeguarding practices at the school will be raised with the SLT, and the necessary whistleblowing procedures will be followed, as outlined in the Whistleblowing Policy. If a staff member feels unable to raise an issue with the SLT, they should access other whistleblowing channels such as the NSPCC whistleblowing helpline (0800 028 0285).

16.Safeguarding concerns and allegations of abuse against staff

All allegations against staff, supply staff, volunteers and contractors will be managed in line with the school's Allegations of Abuse Against Staff Policy, a copy of which will be provided to, and understood by, all staff. The school will ensure all allegations against staff, including those who are not employees of the school, are dealt with appropriately and that the school liaises with the relevant parties.

When managing allegations against staff, the school will recognise the distinction between allegations that meet the harms threshold and allegations that do not, also known as "low-level concerns", as defined in the Allegations of Abuse Against Staff Policy. Allegations that meet the harms threshold include instances where staff have:

- Behaved in a way that has harmed a child, or may have harmed a child.
- Committed or possibly committed a criminal offence against or related to a child.
- Behaved towards a child in a way that indicates they may pose a risk of harm to children.
- Behaved, or may have behaved, in a way that indicates they may not be suitable to work with children.

Low-level concerns will be handled in line with the schools' Low-level Safeguarding Concerns Policy.

17.Communication and confidentiality

When recording, holding, using and sharing information, the DSL will ensure that they:

- Understand the importance of information sharing, both within the school and with other schools on transfer including in-year and between primary and secondary education, and with safeguarding partners, other agencies, organisations and practitioners.
- Understand relevant data protection legislation and regulations, in particular the Data Protection Act 2018 and the UK GDPR.
- Are able to keep detailed, accurate, secure written records of all concerns, discussions and decisions made including the rationale of those decisions. This will include instances where referrals were and were not made to another agency such as LA children's social care or the Prevent program.

All child protection and safeguarding concerns will be treated in the strictest of confidence in accordance with school data protection policies.

Where there is an allegation or incident of sexual abuse or sexual violence, the victim is entitled to anonymity by law; therefore, the school will consult its policy and agree on what information will be disclosed to staff and others, in particular the alleged perpetrator and their parents. Where a report of sexual violence or sexual harassment is progressing through the criminal justice system, the school will do all it can to protect the anonymity of the pupils involved in the case.

Concerns will only be reported to those necessary for its progression and reports will only be shared amongst staff members and with external agencies on a need-to-know basis. During the disclosure of a concern by a pupil, staff members will not promise the pupil confidentiality and will ensure that they are aware of what information will be shared, with whom and why.

Where it is in the public interest, and protects pupils from harm, information can be lawfully shared without the victim's consent, e.g. if doing so would assist the prevention, detection or prosecution of a serious crime. Before doing so, the DSL will weigh the victim's wishes against their duty to protect the victim and others. Where a referral is made against the victim's wishes, it is done so carefully with the reasons for the referral explained to the victim and specialist support offered.

Depending on the nature of a concern, the DSL will discuss the concern with the parents of the pupils involved. Discussions with parents will not take place where they could potentially put a pupil at risk of harm. Discussion with the victim's parents will relate to the arrangements being put in place to safeguard the victim, with the aim of understanding their wishes in terms of support arrangements and the progression of the report. Discussion with the alleged perpetrator's parents will have regards to the arrangements that will impact their child, such as moving classes, with the reasons behind decisions being explained and the available support discussed. External agencies will be invited to these discussions where necessary.

Where confidentiality or anonymity has been breached, the school will implement the appropriate disciplinary procedures as necessary and will analyse how damage can be minimised and future breaches be prevented.

Where a pupil is leaving the school, the DSL will consider whether it is appropriate to share any information with the pupil's new provider, in addition to the child protection file, that will allow the new provider to support the pupil and arrange appropriate support for their arrival.

18.Safer recruitment

The school's full policy and procedures for safer recruitment are outlined in the Safer Recruitment Policy.

An enhanced DBS check with barred list information will be undertaken for all staff members engaged in regulated activity. A person will be considered to be in 'regulated activity' if, as a result of their work, they:

- Are responsible on a daily basis for the care or supervision of children.
- Regularly work in the school at times when children are on the premises.
- Regularly come into contact with children under 18 years of age.

The DfE's [DBS Workforce Guides](#) will be consulted when determining whether a position fits the child workforce criteria.

The governing board will conduct the appropriate pre-employment checks for all prospective employees, including internal candidates and candidates who have lived or worked outside the UK.

The appropriate DBS and suitability checks will be carried out for all governors, volunteers, and contractors.

In both cases, this includes checks to ensure that individuals are not disqualified under the 2018 Childcare Disqualification Regulations and Childcare Act 2006.

Volunteers

We will:

- Never leave an unchecked volunteer unsupervised or allow them to work in regulated activity
- Obtain an enhanced DBS check with barred list information for all volunteers who are new to working in regulated activity
- Carry out a risk assessment when deciding whether to seek an enhanced DBS check without barred list information for any volunteers not engaging in regulated activity. We will retain a record of this risk assessment
- Ensure that appropriate checks are carried out to ensure that individuals are not disqualified under the 2018 Childcare Disqualification Regulations and Childcare Act 2006. Where we decide that an individual falls outside of the scope of these regulations and we do not carry out such checks, we will retain a record of our assessment. This will include our evaluation of any risks and control measures put in place, and any advice sought

Staff suitability

All centres providing care for pupils under the age of eight must ensure that staff and volunteers working in these settings are not disqualified from doing so under the Childcare (Disqualification) and Childcare (Early Years Provision Free of Charge) (Extended Entitlement) (Amendment) Regulations 2018. A person may be disqualified if they:

- Have certain orders or other restrictions placed upon them.
- Have committed certain offences.

All staff members are required to sign the Staff Disqualification Declaration Form confirming that they are not disqualified from working in a schooling environment. A disqualified person will not be permitted to continue working at the school, unless they apply for and are granted a waiver from Ofsted. The school will provide support with this process.

Ongoing suitability

Following appointment, consideration will be given to staff and volunteers' ongoing suitability – to prevent the opportunity for harm to children or placing children at risk.

Referral to the DBS

The school will refer to the DBS anyone who has harmed a child or poses a risk of harm to a child, or if there is reason to believe the member of staff has committed an offence and has been removed from working in regulated activity. The duty will also apply in circumstances where an individual is deployed to another area of work that is not in regulated activity or they are suspended.

19. Single central record (SCR)

The school keeps an SCR which records all staff, including agency and third-party supply staff, and teacher trainees on salaried routes, who work at the school.

- An identity check
- A barred list check
- An enhanced DBS check
- A prohibition from teaching check
- A check of professional qualifications, where required
- A check to determine the individual's right to work in the UK
- Additional checks for those who have lived or worked outside of the UK
- A section 128 check for those in management positions

For agency and third-party supply staff, the school will also record whether written confirmation from the employment business supplying the member of staff has been received which indicates that all the necessary checks have been conducted (i.e. all the same checks the school would perform on any individual working in the school or who will be providing education on the school's behalf, including through online delivery) and the date that confirmation was received.

If any checks have been conducted for volunteers, this will also be recorded on the SCR. If risk assessments are conducted to assess whether a volunteer should be subject to an enhanced DBS check, the risk assessment will be recorded.

Written confirmation that supply agencies have completed all relevant checks will also be included.

The school is free to record any other information it deems relevant.

The details of an individual will be removed from the SCR once they no longer work at the school.

20. Training

Staff members will undergo safeguarding and child protection training at induction, which will be updated on a **termly** basis and/or whenever there is a change in legislation.

The induction training will cover:

- The Child Protection and Safeguarding Policy.
- The Staff Code of Conduct.
- Part one of 'Keeping children safe in education' (KCSIE) (or Annex A, if appropriate).

21. Monitoring and review

This policy is reviewed at least annually by the DSL and the headteacher. This policy will be updated as needed to ensure it is up-to-date with safeguarding issues as they emerge and evolve, including any lessons learnt.

Any changes made to this policy will be communicated to all members of staff. All members of staff are required to familiarise themselves with all processes and procedures outlined in this policy as part of their induction programme. The next scheduled review date for this policy is **Autumn 2025**

(6).Specific safeguarding issues

This appendix sets out details about specific safeguarding issues that pupils may experience and outlines specific actions that would be taken in relation to individual issues.

Here are the issues covered:

Domestic abuse

1. [Homelessness](#)
2. [Children absent from education](#)
3. [Child abduction and community safety incidents](#)
4. [Child criminal exploitation \(CCE\)](#)
5. [Cyber-crime](#)
6. [Child sexual exploitation \(CSE\)](#)
7. [Modern slavery](#)
8. [FGM](#)
9. [Radicalisation](#)
10. [Pupils with family members in prison](#)
11. [Pupils required to give evidence in court](#)
12. [Mental health](#)
13. [Serious violence](#)

1.Domestic abuse

For the purposes of this policy, and in line with the Domestic Abuse Act 2021, “domestic abuse” is defined as abusive behaviour of a person towards another person (including conduct directed at someone else, e.g. the person’s child) where both are aged 16 or over and are personally connected. “Abusive behaviour” includes physical or sexual abuse, violent or threatening behaviour, controlling or coercive behaviour, economic abuse, psychological or emotional abuse, or another form of abuse. “Personally connected” includes people who:

- Are, have been, or have agreed to be married to each other.
- Are, have been, or have agreed to be in a civil partnership with each other.
- Are, or have been, in an intimate personal relationship with each other.
- Each have, or had, a parental relationship towards the same child.
- Are relatives.

The school will recognise the impact of domestic abuse on children, as victims in their own right, if they see, hear or experience the effects of domestic abuse. All staff will be aware of the signs of domestic abuse and follow the appropriate safeguarding procedures where concerns arise.

2.Homelessness

The DSL and deputy DSLs will be aware of the contact details and referral routes into the Local Housing Authority so that concerns over homelessness can be raised as early as possible.

Indicators that a family may be at risk of homelessness include:

- Household debt.
- Rent arrears.
- Domestic abuse.
- Anti-social behaviour.
- Any mention of a family moving home because “they have to”.

Referrals to the Local Housing Authority do not replace referrals to CSCS where a child is being harmed or at risk of harm. For 16- and 17-year-olds, homelessness may not be family-based and referrals to CSCS will be made as necessary where concerns are raised.

3.Children absent from education

A child who is absent from school can be a vital warning sign of a range of safeguarding issues, including neglect, CSE and CCE, particularly county lines. The school will ensure that the response to children persistently being absent from education supports identifying such abuse and helps prevent the risk of pupils becoming absent from education in the future. Staff will monitor pupils that are absent from the school, particularly on repeat occasions and/or prolonged periods, and report them to the DSL following normal safeguarding procedures, in accordance with the Children Missing from Education Policy. The school will inform the LA of any pupil who fails to attend regularly or has been absent without the school's permission for a continuous period of 10 school days or more.

The school will follow the DfE's [guidance](#) on improving attendance where there is a need to work with children's services due to school absences indicating safeguarding concerns.

Non-collection of children

If a child is not collected at the end of the session/day, we will:

- Ensure that the child/children remain within the school by the main office
- The main parent /carer is to be contacted by phone to clarify why the child has not been collected
- The second adult on the contact/pickup list will be contacted in the event that the main carer is not available
- The third person on the contact list/pickup list will be contacted in the event that the previous two are unavailable.
- In the unusual event of no key contacts being available and after approximately an hour has elapsed the school will ring through to Family Services to report a non-collected child.
- Non-collected children should be accompanied at all times and reassured throughout.
- For the purposes of this policy, and in line with the Domestic Abuse Act 2021, "domestic abuse" is defined as abusive behaviour of a person towards another person (including conduct directed at someone else, e.g. the person's child) where both are aged 16 or over and are personally connected. "Abusive behaviour" includes physical or sexual abuse, violent or threatening behaviour, controlling or coercive behaviour, economic abuse, psychological or emotional abuse, or another form of abuse. "Personally connected" includes people who:
 - Are, have been, or have agreed to be married to each other.
 - Are, have been, or have agreed to be in a civil partnership with each other.
 - Are, or have been, in an intimate personal relationship with each other.
 - Each have, or had, a parental relationship towards the same child.
 - Are relatives.
- The school will recognise the impact of domestic abuse on children, as victims in their own right, if they see, hear or experience the effects of domestic abuse. All staff will be aware of the signs of domestic abuse and follow the appropriate safeguarding procedures where concerns arise.

4.Child abduction and community safety incidents

For the purposes of this policy, "child abduction" is defined as the unauthorised removal or retention of a child from a parent or anyone with legal responsibility for the child. Child abduction can be committed by parents and other relatives, other people known to the victim, and strangers.

All staff will be alert to community safety incidents taking place in the vicinity of the school that may raise concerns regarding child abduction, e.g. people loitering nearby or unknown adults conversing with pupils.

Pupils will be provided with practical advice and lessons to ensure they can keep themselves safe outdoors.

5. Child sexual exploitation (CSE)

For the purposes of this policy, “**child sexual exploitation**” is defined as a form of sexual abuse where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child into sexual activity, for any of the following reasons:

- In exchange for something the victim needs or wants
- For the financial advantage, increased status or other advantage of the perpetrator or facilitator
- Through violence or the threat of violence

The school will recognise that CSE can occur over time or be a one-off occurrence, and may happen without the pupil's immediate knowledge, e.g. through others sharing videos or images of them on social media. The school will recognise that CSE can affect any pupil who has been coerced into engaging in sexual activities, even if the activity appears consensual; this includes pupils aged 16 and above who can legally consent to sexual activity. The school will also recognise that pupils may not realise they are being exploited, e.g. they believe they are in a genuine romantic relationship.

School staff will be aware of the key indicators that a pupil is the victim of CSE, including:

- Appearing with unexplained gifts, money or new possessions.
- Associating with other children involved in exploitation.
- Suffering from changes in emotional wellbeing.
- Misusing drugs or alcohol.
- Going missing for periods of time or regularly coming home late.
- Regularly becoming absent from school or education or not taking part.
- Having older partners.
- Suffering from sexually transmitted infections.
- Displaying sexual behaviours beyond expected sexual development.
- Becoming pregnant.

All concerns related to CSE will be managed in line with the school's Child Sexual Exploitation (CSE) Policy.

Where CSE, or the risk of it, is suspected, staff will discuss the case with the DSL. If after discussion a concern remains, local safeguarding procedures will be triggered, including referral to the LA. The LA and all other necessary authorities will then handle the matter to conclusion. The school will cooperate as needed.

6. Modern slavery

For the purposes of this policy, “modern slavery” encompasses human trafficking and slavery, servitude, and forced or compulsory labour. This can include CCE, CSE, and other forms of exploitation.

All staff will be aware of and alert to the signs that a pupil may be the victim of modern slavery. Staff will also be aware of the support available to victims of modern slavery and how to refer them to the National Referral Mechanism.

7. FGM

For the purposes of this policy, “**FGM**” is defined as all procedures involving the partial or total removal of the external female genitalia or other injury to the female genital organs. FGM is illegal in the UK and a form of child abuse with long-lasting harmful consequences.

All staff will be alert to the possibility of a pupil being at risk of FGM, or already having suffered FGM. If staff are worried about someone who is at risk of FGM or who has been a victim of FGM, they are required to share this information with CSCS and/or the police. The school's procedures relating to managing cases of FGM and protecting pupils will reflect multi-agency working arrangements.

As outlined in Section 5B of the Female Genital Mutilation Act 2003 (as inserted by section 74 of the Serious Crime Act 2015), teachers are **legally required** to report to the police any discovery, whether through disclosure by the victim or visual evidence, of FGM on a pupil under the age of 18. Teachers failing to report such cases may face disciplinary action. Teachers will not examine pupils, and so it is rare that they will see any visual evidence, but they must personally report to the police where an act of FGM appears to have been carried out. Unless the teacher has a good reason not to, they should also consider and discuss any such case with the DSL and involve CSCS as appropriate. **NB:** This does not apply to any suspected or at-risk cases, nor if the individual is over the age of 18. In such cases, local safeguarding procedures will be followed.

All staff will be aware of the indicators that pupils may be at risk of FGM. While some individual indicators they may not indicate risk, the presence of two or more indicators could signal a risk to the pupil. It is important to note that the pupil may not yet be aware of the practice or that it may be conducted on them, so staff will be sensitive when broaching the subject.

Indicators that a pupil may be at heightened risk of undergoing FGM include:

- The socio-economic position of the family and their level of integration into UK society.
- The pupil coming from a community known to adopt FGM.
- Any girl with a mother or sister who has been subjected to FGM.
- Any girl withdrawn from PSHE.

Indicators that FGM may take place soon include:

- When a female family elder is visiting from a country of origin.
- A girl confiding that she is to have a ‘special procedure’ or a ceremony to ‘become a woman’.
- A girl requesting help from a teacher if she is aware or suspects that she is at immediate risk.
- A girl, or her family member, talking about a long holiday to her country of origin or another country where FGM is prevalent.

All staff will be vigilant to the signs that FGM has already taken place so that help can be offered, enquiries can be made to protect others, and criminal investigations can begin. Indicators that FGM may have already taken place include the pupil:

- Having difficulty walking, sitting or standing.
- Spending longer than normal in the bathroom or toilet.
- Spending long periods of time away from a classroom during the day with bladder or menstrual problems.
- Having prolonged or repeated absences from school, followed by withdrawal or depression.
- Being reluctant to undergo normal medical examinations.
- Asking for help, but not being explicit about the problem due to embarrassment or fear.

FGM is included in the definition of so-called “**‘honour-based’ abuse (HBA)**”, which involves crimes that have been committed to defend the honour of the family and/or community. All forms of HBA are forms of abuse and will be treated and escalated as such.

8.Radicalisation

For the purposes of this policy, “**radicalisation**” refers to the process by which a person comes to support terrorism and extremist ideologies associated with terrorist groups.

For the purposes of this policy, “**extremism**” refers to the vocal or active opposition to fundamental British values, including democracy, the rule of law, individual liberty, and the mutual respect and tolerance of different faiths and beliefs. Extremism also includes calling for the death of members of the armed forces.

For the purposes of this policy, “**terrorism**” refers to an action that endangers or causes serious violence to a person or people, serious damage to property, or seriously interferes with or disrupts an electronic system. The use or threat of these actions must be designed to influence the government or intimidate the public, and be made for the purpose of advancing a political, religious or ideological cause.

Protecting pupils from the risk of radicalisation is part of the school’s wider safeguarding duties. The school will actively assess the risk of pupils being radicalised and drawn into extremism and/or terrorism. Staff will be alert to changes in pupils’ behaviour which could indicate that they may need help or protection. Staff will use their professional judgement to identify pupils who may be susceptible to extremist ideologies and radicalisation and act appropriately, which may include contacting the DSL or making a Prevent referral. The school will work with local safeguarding arrangements as appropriate.

9. Pupils with family members in prison

Pupils with a family member in prison will be offered pastoral support as necessary. They will receive a copy of [‘Are you a young person with a family member in prison?’](#) from Action for Prisoners’ Families where appropriate and allowed the opportunity to discuss questions and concerns.

10. Mental health

All staff will be made aware that mental health problems can, in some cases, be an indicator that a pupil has suffered, or is at risk of suffering, abuse, neglect or exploitation.

Staff will not attempt to make a diagnosis of mental health problems – the school will ensure this is done by a trained mental health professional. Staff will, however, be encouraged to identify pupils whose behaviour suggests they may be experiencing a mental health problem or may be at risk of developing one. Staff will also be aware of how pupils’ experiences can impact on their mental health, behaviour, and education.

Staff who have a mental health concern about a pupil that is also a safeguarding concern will act in line with this policy and speak to the DSL or deputy DSLs.

The school will access a range of advice to help them identify pupils in need of additional mental health support, including working with external agencies.

In all cases of mental health difficulties, the school’s Social, Emotional and Mental Health (SEMH) Policy will be consulted and adhered to at all times.

11. Serious violence

Through training, all staff will be made aware of the indicators which may signal a pupil is at risk from, or is involved with, serious violent crime. These indicators include, but are not limited to:

- Increased absence from school.
- A change in friendships.
- Relationships with older individuals or groups.
- A significant decline in academic performance.
- Signs of self-harm.
- A significant change in wellbeing.

- Signs of assault.
- Unexplained injuries.
- Unexplained gifts or new possessions.

Staff will be made aware of some of the most significant risk factors that could increase a pupil's vulnerability to becoming involved in serious violence. These risk factors include, but are not limited to:

- Being male.
- Having been frequently absent from school.
- Having been permanently excluded from school.
- Having experienced child maltreatment.
- Having been involved in offending, such as theft or robbery.

Staff members who suspect a pupil may be vulnerable to, or involved in, serious violent crime will immediately report their concerns to the DSL.

The school will cooperate with core duty holders when asked and ensure arrangements are in place to do so.

Adult involvement in youth-produced sexual imagery

The school's full response to youth-produced sexual imagery (YPSI) is outlined in the Youth-produced Sexual Imagery Policy.

Sexually motivated incidents

The school will remain aware that not all instances of YPSI will be between children and young people, and in some cases may involve adults posing as a child for the purpose of obtaining nude and semi-nude images from persons under 18.

Staff will be aware of the signs that an adult is involved in the sharing the nude or semi-nude images. These include:

- Being contacted by an online account they do not know but appears to be from somebody under the age of 18.
- Quickly being engaged in sexually explicit communications.
- The offender sharing unsolicited sexual images.
- The conversation being moved from a public to a private and/or encrypted platform.
- Being coerced or pressured into doing sexual things, including producing sexual imagery.
- Being offered money or gifts.
- Being threatened or blackmailed into sharing nude or semi-nude images, and/or further sexual activity.

Financially motivated incidents

Financially motivated incidents of YPSI involving adults may also be called “**sextortion**”, where the offender threatens to release nudes or semi-nudes of a child or young person unless they do something to prevent it, e.g. paying money. In these cases, offenders often pose as children and:

- Groom or coerce the victim into sending nudes or semi-nudes in order to blackmail them.
- Use images that have been stolen from the child or young person, e.g. via hacking.
- Use digitally manipulated and/or AI-generated images of the child or young person.

Staff will be aware of the signs of sextortion, which include:

- Being contacted by an online account they do not know but appears to be from somebody under the age of 18.

- Quickly being engaged in sexually explicit communications.
- The offender sharing sexual images first.
- The conversation being moved from a public to a private and/or encrypted platform.
- Told their online accounts have been hacked in order to obtain images, personal information, and contacts.
- Being blackmailed into sending money or sharing bank account details.

Being shown stolen or digitally manipulated/generated images of the victim
