We welcome our duty under the Education and Inspections Act 2006 to promote community cohesion.

We recognise these duties are essential to reflect international human rights standards as expressed in the UN Convention on the Rights of the Child, the UN Convention on the Rights of People with Disabilities, and the Human Rights Act 1998 and the Public Sector Equality Duties 2010.

The guiding principles in this policy refer to all individuals and therefore are equally applicable to pupils, staff, governors and visitors to Great Coates Village Nursery School. We must under the general duty of public sector equality duty, in the exercise of our functions, have due regard to the need to:

- Eliminate discrimination, harassment, victimisation and any other conduct that is prohibited under the Act.
- Advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it;
- Foster good relations between persons who share a relevant protected characteristic and persons who do not share it.
- This will apply to all children, staff and others using the facilities. We will give relevant and proportionate consideration to the public sector equality duty.

The protected characteristics for the schools provisions are:

- Disability
- Gender reassignment
- Pregnancy and maternity
- Race
- Religion or belief
- Sex
- Sexual orientation
- Age (only applicable to staff, not pupils)
- Marriage and Civil Partnerships (only applicable to staff, not pupils)

OVERALL AIMS AND THE PUBLISHED OBJECTIVE

We do not discriminate against anyone be they staff, pupil, governor or parent/carer, on the grounds of ethnicity, religion, attainment, age, disability, gender, transgender, pregnancy sexual orientation or background. We promote the principle of fairness and justice for all through the education that we provide in our school.

The school will publish an equality objective and review it at least every four years. The equality policy is published on the school website and is maintained annually following the annual review by stakeholders.

PART 1 – DISABILITY EQUALITY

Introduction

At Great Coates Village Nursery School we are committed to our responsibilities to have due regard to:

- Promote equality of opportunity between disabled and non-disabled people
- Eliminate harassment of disabled persons that is related to their impairments
- Promote positive attitudes towards disabled people
- Encourage participation by disabled people in public life; and
- Take steps to take account of a disabled person's impairments, even where that involves treating the disabled person more favourably than other people.

Definition

A disabled person is defined as someone who has a 'physical or mental impairment which has a substantial and long-term adverse effect on his or her ability to carry out normal day-to-day activities'. Impairment is to be treated as affecting the person's ability to carry out normal day-to-day activities, only if it affects one or more of the following:

- Mobility
- Manual dexterity
- Physical co-ordination
- Continence
- Ability to lift
- carry or otherwise move everyday objects
- speech, hearing or eyesight
- memory or ability to concentrate, learn or understand and perception of the risk of physical danger.

The Disability Discrimination Act 2005 extended the definition of disability to include people with HIV, multiple sclerosis and cancer from the point of diagnosis. Individuals with a mental illness no longer have to demonstrate that it is "clinically well-recognised"; although the person must still demonstrate a long-term and substantial adverse effect on his/her ability to carry out normal day-to day activities.

Discrimination Disabled People Face

Disabled people are discriminated against in a number of different ways. These include:

- Discriminatory attitudes
- A lack of accessible information
- Inaccessible environments
- Services that have not been designed to take account of the needs of disabled people.

Specific Aims and Objectives

At Great Coates Village Nursery School we are committed to ensuring equality of education and opportunity for disabled pupils, staff and all those receiving services from the school. We aim to develop a culture of inclusion and diversity in which people feel free to disclose their disability and to participate fully in school life. Our admissions policy does not discriminate against disabled pupils.

The achievement of disabled pupils will be monitored and we will use this data to raise standards and ensure inclusive teaching. We will make reasonable adjustments to ensure that the school environment is as accessible as possible. We will not tolerate harassment of disabled people with any form of impairment.

Consultation

Responsibility for developing this scheme lies with the Head Teacher, SENCo, and School Governors. As part of this on-going process, liaison with any disabled members of the school community and their carers will be sought to inform the content of the scheme as they become part of the school community. Pupils and parents/carers will be involved through the IEP review system.

Reasonable Adjustments

We will make reasonable adjustments to ensure that disabled pupils and users of the school are not put at a substantial disadvantage and are able to access the same opportunities as non-disabled peers. Specifically, the school intends that disabled pupils and users will have the same access to the curriculum, to information and access to the school environment and facilities as non-disabled pupils and users. In planning developments to deliver this intention the school considers the needs of current and future pupils and users of the school.

Reasonable adjustments are made on an individual basis according to need, by working collaboratively with disabled persons and/or their parents/carers. The school will be successful in making reasonable adjustments when disabled persons can, wherever possible, participate fully:

- in the classroom
- in the school curriculum
- at all times and in all parts of the building.

And when:

- Disabled persons feel part of the life of the school
- Disabled persons are included by their peers in all parts of school life
- Parents of disabled students feel their child is part of the life of the school
- Staff feel confident in working with disabled pupils.

Monitoring Effectiveness

At Great Coates Village Nursery School we will monitor the effectiveness of our disability equality systems through tracking the achievement of disabled pupils; through ensuring that all curriculum activities are inclusive; through the monitoring of the exclusion rate and mobility of disabled pupils; and through the monitoring of the employment of disabled staff following LA guidelines.

Disability Action Plan (Appendix 1)

At Great Coates Village Nursery School we produce an action plan every three years in consultation with any disabled members of the school community. The action plan will consider how we will improve curriculum access, physical access and the provision of information to disabled pupils.

Introduction

At Great Coates Village Nursery we are committed to the principles of equality of opportunity for all those involved in our school community as outlined at the start of this document.

Discrimination is illegal under the terms of the Equal Pay Act 1970, Sex Discrimination Act 1975 and race relations Act 1976.

This policy section should be read in conjunction with the other related school policy – Safeguarding.

Definition

Equal opportunities can be defined as ‘the prevention, elimination or regulating of discrimination between persons on ground of sex or marital status, on racial ground, or on grounds of disability, age, sexual orientation, language or social origin, or of other personal attributes, including beliefs or opinions, such as religious beliefs or political opinions’.

Overt discrimination can take place in any institutional organisation. Covert discrimination is much more difficult to identify and to address. It relates to the assumptions, beliefs and values acquired over a long period of time, which affect people’s instinctive responses. It may be shown in the attitudes of governors, teachers, parents and carers and other adults and pupils towards themselves and towards each other.
